

## CUBES - ADDICTIVE PUZZLE GAME

### DESCRIPTION

Raleigh, North Carolina - Intelligent Apps, LLC is pleased to announce the launch and immediate availability of a new game called Cubes. Cubes is a challenging puzzle game designed so that people of all ages will enjoy. It is available exclusively in the Apple Store for the iPad, iPhone, and iPod Touch. Cubes is an innovative and challenging puzzle game that allows players merge cubes to create a new and more colorful cubes. Cubes game challenge players to reach The Rainbow cube.

Cubes is a reinvention of the 2048 game and has eliminated the math component from popular puzzle game that often makes it look boring. In Cubes, math is replaced by a colorful visualization of the puzzle. The CEO of Intelligent Apps Sam Aljamal had this to say about the innovative game “We tried to simplify the popular puzzle while adding a colorful components to the game” he also said “Our goal for Cubes is for a 4-year old to easily pick it up while keeping it equally challenging to the 2048 game”. The result of creating a sophisticated game by simplifying the concept is the new Cubes - Addictive Puzzle Game.

It is an iOS game specifically designed for iPad, iPhone, and iPod Touch. Cubes was Inspired by Gabriele Cirulli game. Cubes is now available for free in the U.S. and worldwide from the Apple Store. In-App purchases are available to remove ads. For more information or to download, visit Cubes on the Apple Store
